

cTMed: Continuous Time Mediation

Ivan Jacob Agaloos Pesigan

Description

Calculates standard errors and confidence intervals for the indirect effect in continuous time mediation models.

Installation

You can install the development version of `cTMed` from [GitHub](#) with:

```
if (!require("remotes")) install.packages("remotes")
remotes::install_github("jeksterslab/cTMed")
```

More Information

See [GitHub Pages](#) for package documentation.
